Election/Restrictions

Claim 1 is allowable. The restriction requirement between species and subspecies, as set forth in the Office action mailed on 03/21/2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 4-7 and 10, directed to species no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 20-48, directed to inventions withdrawn from consideration because they do not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

This application is in condition for allowance except for the presence of claims 20-48 directed to inventions non-elected without traverse. Accordingly, claims 20-48 been cancelled.

Allowable Subject Matter

Claims 1, 3-10, 12-15, 17-19 and 49-50 allowed.
